How We Will Calculate Your Balance: We use a method called “average daily balance (including new purchases).”

Payments are allocated to posted balances. We will first allocate the amount of your payment equal to the Total Minimum Payment Due to any Custom Pay Plan Payment due, then to the lowest APR balances in turn. Payment amounts in excess of your Total Minimum Payment Due will be applied to balances with higher APRs before balances with lower APRs, and finally to any Custom Pay Plan balances.

Variable Rates are calculated by adding an index and a margin. The index is the highest U.S. Prime Rate published in *The Wall Street Journal* "Money Rates" section on each month's last publication day. As of 10/31/2025 the index was 7.0%. After your account is opened, changes to the index will cause a corresponding change to your variable rate.

Balance Transfers and certain Cash Advances, such as Direct Deposits, are made available to you at our discretion.

¹ Bank Cash Advances include the following Cash Advance types: ATM, Over the Counter, Same-Day Online, Overdraft Protection and Cash Equivalent (foreign currency, money orders, wire transfers, travelers checks, or to obtain cash, each from a non-financial institution, or person-to-person money transfers, bets, lottery tickets purchased outside the United States, casino gaming chips, cryptocurrency to the extent accepted, or bail bonds).

² The monthly fee will be disclosed at the time the Custom Pay Plan is created, will never exceed a monthly fee of 1.72%, and does not change over the life of the Plan. The fee will be charged monthly until the Plan balance is paid in full. The total of all Monthly Custom Pay Plan Fees billed for any specific Plan will not exceed the sum of the original Monthly Custom Pay Plan Fee times the original total number of monthly payments established for the Plan. The fee for each Custom Pay Plan is based on the Plan duration, the amount of Purchases assigned to the Plan, the APR that would otherwise apply to those Purchases, and other factors.

³ More Information about the Penalty Fee and Penalty APR

Penalty Fee: If your Total Minimum Payment Due is not received by your Payment Due Date, a Late Payment Fee of \$29 will be assessed; \$40 for subsequent occurrences that are within 6 billing cycles of a previous occurrence. However, the Late Payment Fee will not exceed the Total Minimum Payment Due. If your balance is \$100 or less on the Payment Due Date, we will not assess a Late Payment Fee.

Penalty APR: Your Penalty APR will not exceed 29.99% on new transactions. There is no Penalty APR on existing balances.
